ORDER:

The Government by its avowed policy is committed to reduction in the consumption levels of alcohol in the state with a view to improve the physical standards of the people. Several proactive steps have been taken by the

government in this direction. Notable among them are removal of 43000 Belt shops, removal of private persons from retailing of liquor, dispensing with permit rooms, reduction in number of retail outlets, reduction in maximum possession limit of liquor, enhancing punishments for Excise related offences, entrustment of retail trade in liquor to APSBCL etc.

2. Further, in order to discourage consumption of liquor, a tax in the form of Additional Retail Excise Tax (ARET) has been levied, increased and rationalized from time to time in the orders issued in the references from 1st to 5th read above.

3. Furthermore, it is also submitted that vide reference 7th cited, the Government have specified Special Margin at varying rates which is income to the Corporation for meeting expenditure towards implementation of various welfare programs statutorily mandated and it was also revised in the references 8th and 9th cited. In the same references i.e. 8th and 9th cited the Government have further rationalized VAT, AED/ACD and Special Margin.

4. In the reference 10th read above, the Commissioner of Distilleries and Breweries & Managing Director, A.P State Beverages Corporation Limited has submitted a proposal stating that there are (5) orders issued on the same subject of ARET from time to time. It is felt desirable that instead of levying ARET as a fixed component basing on the MRPs, it could be better levied as a percentage of Basic prices of IMFL, FL, Beer, Wine and RTD varieties approved for supply. The proposed levy of ARET as a percentage of Basic Price brings about an equitable levy on all brands while avoiding minor distortions with regard to higher sizes of liquor/beer bottles under the existing practice of levy as a fixed component basing on MRP slabs of different sizes of liquor bottles.

5. The proposed levy of ARET as a percentage of basic price has necessitated further revision of VAT, AED/ACD and Special Margin at flat percentages so as to protect the Government Revenues as well as income of the Corporation while keeping the MRPs of most of the liquor brands unchanged and in consonance with Government Policy of reduction in consumption of liquor.

6. The Government have carefully examined the matter and accordingly the following notification will be published in an extra-ordinary issue of the A.P Gazette on 17.11.2023.
